Emgold also announces that, subject to regulatory approval, it has retained Plutus Bridge Capital (“PBC”) to provide investor relations services for the Company. PBC is a full-service public relations and capital markets consultancy firm based in Vancouver, Canada. PBC will:

- (a) introduce the Company to and liaise on behalf of the Company with potential investors, current investors, writers for and publishers of relevant subscriber-based publications;
- (b) advise the Company with respect to its public communication materials, including the Company’s website and presentations developed for industry meetings, conferences, and tradeshows;
- (c) meet and communicate with corporate analysts, institutional and professional investors, retail clients and stockbrokers for the purposes of encouraging or promoting investment in the Company;
- (d) assist the Company with all work necessary to prepare for meetings and presentations with investors; and
- (e) such other services as the Company and the Consultant may from time to time agree upon.

Under the term of the agreement, PBC will receive \$3,000 per month over the 3-month term of the consulting agreement. The term of the agreement may be extended by mutual agreement of the parties. Emgold is looking forward to working with PBC to broaden awareness of its business and properties.

About Emgold

Emgold is a gold and base metal exploration company focused on Nevada and Quebec. The Company's strategy is to look for quality acquisitions, add value to these assets through exploration, and monetize them through sale, joint ventures, option, royalty, and other transactions to create value for our shareholders (acquisition and divestiture (A&D) business model).

In Nevada, Emgold's Golden Arrow Property, the core asset of the Company, is an advanced stage gold and silver property with a well-defined measured and indicated resource. New York Canyon is a base metal property subject to an Earn-in with Option to Joint Venture Agreement with Kennecott Exploration, a subsidiary of Rio Tinto Plc (NYSE:RIO). The Mindora Property is a gold and base metal property located 12 miles from New York Canyon. Buckskin Rawhide East is a gold and silver property leased to Rawhide Mining LLC, who operate the adjacent Rawhide Mine and represents a royalty opportunity for the Company. Koegel Rawhide is a property four miles south of Rawhide Mine.

In Quebec, the Casa South Property, is an early-stage gold property adjacent to Hecla Mining Corporation's (NYSE:HL) operating Casa Berardi Mine. The East-West Property is a gold property adjacent to and on strike with Wesdome Gold Mine Ltd.'s (TSX:WDO) Kiena Complex and O3 Mining Corporation's (TSX:OIII) Malarctic Property (Marban Project). Emgold also has a 1% NSR in the Troilus North Property, part of the Troilus Mine Property being explored by Troilus Gold Corporation (TSX:TLG).

Note that the location of Emgold's properties adjacent to producing or past producing mines does not guarantee exploration success at Emgold's properties or that mineral resources or reserves will be delineated. For more information on the Company, investors should review the Company's website at www.emgold.com or view the Company's filings available at www.sedar.com.
