EMERGENT METALS CORP. ANNOUNCES EXTENSION TO PRIVATE PLACEMENT

Vancouver, British Columbia, December 24, 2025 – Emergent Metals Corp. (TSXV: **EMR**, OTC: **EGMCF**, FRA: **EML**, BSE: **EML**, MUN: **ELM**) (“Emergent” or the “Company”) announces an extension of its non-brokered private placement (the “Offering”) to January 15, 2026. Details of the Offering are included in the Company’s November 14, 2025, press release.

About Emergent

Emergent is a gold and base metal exploration company focused on Nevada and Quebec. The Company’s strategy is to look for quality acquisitions, add value to these assets through exploration, and monetize them through sales, joint ventures, options, royalties, and other transactions to create value for our shareholders – an acquisition and divestiture (“**A&D**”) business model.

In Nevada, Emergent’s Golden Arrow Property is an advanced-stage gold and silver property with a well-defined measured and indicated resource and a Plan of Operations and Environmental Assessment in place to conduct a major drilling program. New York Canyon is an advanced-stage copper skarn and porphyry exploration property. The West Santa Fe Property is a gold, silver, and base metal property, subject to a Lease with an Option to Purchase Agreement with Lahontan Gold Corporation (TSXV: **LG**). Buckskin Rawhide East is a gold and silver property leased to Rawhide Mining LLC, operators of Rawhide Mine.

In Quebec, the Casa South Property is a gold exploration property located south of and adjacent to Hecla Mining Company’s (NYSE: **HL**) operating Casa Berardi Mine and north of and adjacent to IAMGOLD Corporation’s (NYSE: **IAG**) Gemini Turgeon Property. The Trecesson Property is a gold exploration property located about 50 km north of the Val d’Or mining camp. Emergent has a 1% NSR in the Troilus North Property, part of the Troilus Gold Project, being explored by Troilus Gold Corporation (TSX: **TLG**). Emergent has a 1% NSR in the East-West Property, part of Agnico Eagle Mines Limited Canadian Malartic Complex (NYSE: **AEM**). Emergent also has a 1% NSR on the York Property, part of Lahontan Gold’s Santa Fe Project.

Note that the location of Emergent’s properties adjacent to producing or past-producing mines or advanced-stage properties does not guarantee exploration success at Emergent’s properties or that mineral resources or reserves will be delineated.

ExtensionQualified Person

All scientific and technical information disclosed in this new release was reviewed and approved by David Watkinson, P.Eng., an employee of Emergent and a non-independent qualified person under National Instrument 43-101.

Cautionary Note on Forward-Looking Statements

Certain statements made and information contained herein may constitute "forward-looking information" and "forward-looking statements" within the meaning of applicable Canadian and United States securities legislation. These statements and information are based on facts currently available to the Company and there is no assurance that actual results will meet management's expectations. Forward-looking statements and information may be identified by such terms as "anticipates", "believes", "targets", "estimates", "plans", "expects", "may", "will", "could" or "would". Forward-looking statements and information contained herein are based on certain factors and assumptions regarding, among other things, the estimation of mineral resources and reserves, the realization of resource and reserve estimates, metal prices, taxation, the estimation, timing and amount of future exploration and development, capital and operating costs, the availability of financing, the receipt of regulatory approvals, environmental risks, title disputes and other matters. While the Company considers its assumptions to be reasonable as of the date hereof, forward-looking statements and information are not guarantees of future performance, and readers should not place undue importance on such statements as actual events and results may differ materially from those described herein. The Company does not undertake to update any forward-looking statements or information except as may be required by applicable securities laws. The Company's Canadian public disclosure filings may be accessed via www.sedarplus.ca, and readers are urged to review these materials, including any technical reports filed with respect to the Company's mineral properties.
